

# Technical Data Sheet

**Reaction time**  
works during operation

**Consumption**  
50 ml for 10 liter

**Application field**  
for use in all gasoline engines

**Application interval**  
with every tank filling or on demand

## Valve & Injector Purifier

### Application

Add before every tank filling to the fuel tank before filling up. Recommended for all petrol engines, especially in case of cold start problems or bad exhaust values because of deposits. Treats 40 up to 60 L of petrol. For larger tank volumes add 0,5 % of the filling content. Product works during operation.

### Description

**GAT Valve & Injector Purifier** ensures effective cleaning of valves, injector nozzles and the piston crown without dismantling. Removes operationally caused contamination in the entire fuel injection system. Only a clean fuel system guarantees clean and powerful combustion and efficient engine performance!

### Advantages

Easy application without any extra effort. Improves the engine performance and provides a powerful and stable combustion process. Optimizes the fuel consumption and the exhaust gas emission values. Considerably prolongs the life span of the engine and ensures smooth engine running.

Packing sizes	Packing Unit	Article Number
300 ml	24 x 300 ml	Art. 62004
other sizes available on request		

### Properties

Physical state	liquid
Color	light, yellow
Density	0,79 g/cm <sup>3</sup> DIN 12185
Flashpoint	42 ° C ISO 3679
Viscosity	1,01 mm <sup>2</sup> /s DIN EN ISO 3140 (@ 40 ° C)

### Compatibility

Mixable with all kinds of gasoline. Recommended for all gasoline engines.

### Safety instructions

Follow the application instructions on the technical data sheet (TDS). Read safety instructions in the Material Safety Data Sheet (MSDS) before using this product. Keep out of reach of children. If medical advice is needed, have product container or label at hand and call poison centre/ doctor.

### Disposal

This material and its container must be disposed of as hazardous waste. Handle contaminated packages in the same way as the substance itself. Dispose of this product and container according to national/ regional regulations.

Although our information is based on intense product tests and studying and therefore considered as reliable, it nevertheless has solely advisory character.
