works during operation

Consumption
50 ml per 10 L

Application field
for use in all diesel engines

Application interval
with every tank filling

Diesel System Cleaner HYBRID

Application

Recommended to add with every tank filling to the tank before filling up. Product works during operation. Sufficient for 40 up to 60 L diesel.

Description

GAT Diesel System Cleaner HYBRID is a High Performance Additive for use in all diesel-powered hybrid vehicles. Reliably removes operationally caused depositions in the entire fuel system from the tank to the combustion chamber. Absorbs and efficiently removes moisture from the diesel system and ensures effective protection of the high-pressure pump. Provides an optimal diesel atomization and lasting lubrication and protection of all fuel carrying parts. Ideally suitable for diesel particulate filters.

Advantages

Clean and powerful combustion process and highly efficient engine running in hybrid vehicles. Increased lubrication ability reduces wear, optimizes fuel consumption as well as emission values and ensures operational reliability especially at frequent load changes in hybrid vehicles.

| Packing sizes | Packing Unit | Article Number |
|---------------|--------------|----------------|
| 200 ml | 24 x 200 ml | Art. 62163 |
| 1 L | 12 x 1 L | Art. 62182 |

other sizes available on request

Properties

| | |
|----------------|---|
| Physical state | liquid |
| Color | light yellow |
| Density | 0,82 g/cm ³ DIN 12185 |
| Flash point | 46 °C ISO 3679 |
| Viscosity | 1,3 mm ² /s (at 40 °C) DIN EN ISO 3104 |

Compatibility

The product is suitable for use in all use diesel-powered hybrid vehicles.

Safety instructions

Follow the application instructions on the technical data sheet (TDS). Read safety instructions in the Material Safety Data Sheet (MSDS) before using this product. Please keep out of reach of children. If medical advice is needed, have product container or label at hand and call poison centre/ doctor.

Disposal

Dispose of this product and container according to national/ regional regulations.

Although our information is based on intense product tests and studying and therefore considered as reliable, it nevertheless has solely advisory character.
